STUDENTS’ PROFILE

CTS/SUMMER PLACEMENT: PGDM 2013-15
CTS/Summer Placement Process

The Institute is happy to announce the CTS/summer placements for the thirteenth batch of PGDM program. Our alumni are placed in a range of organizations viz., plantation sectors, food & beverages, agribusiness, retailing, banking, commodity, development sectors, international plantation, etc.

Our students are ready to contribute to sectors that are unique and ignored by many of the B-Schools. Students are trained to develop a special sector focus without losing sight of the context of the larger economy with the vision of turning India’s agri-business by strategically building on our core competency.

The Placement Office facilitates interaction between prospective employers and the graduating students, and creates a forum to help them make mutually beneficial choices. We are happy to invite you to join us in the summer placements program for the PGDM 2013-15 batch. You may visit our campus on a date of your convenience during the scheduled period. You can also hold a pre-placement talk (PPT) with the students to provide information that they are looking for. You may share them with the nature of the project profile, stipend, learning and growth opportunities, work environment and places of posting for their project assignment.

The summary of students’ profile is provided to help you shortlist candidates. We can also arrange to send hard copies of the resumes, if you require.
