Corporate Training Segment (CTS) / Summer Placement

Students’ Profile: PGDM 2014-16

CTS/Summer Placement Process
The Institute is happy to announce the CTS/summer placements for the fourteenth batch of PGDM program. Our alumni are placed in a range of organizations viz., plantation sectors, food & beverages, agribusiness, retailing, banking, commodity, development/service sectors, international plantations, etc.

Our students are ready to contribute to sectors that are unique and ignored by many of the B-Schools. Students are trained to develop a special sector focus without losing sight of the context of the larger economy with the vision of turning India’s agribusiness by strategically building on our core competency.

The Placement Office facilitates interaction between prospective employers and the graduating students, and creates a forum to help them make mutually beneficial choices. We are happy to invite you to join us in the summer placements program for the PGDM 2014-16 batch. You may visit our campus on a date of your convenience during the scheduled period. You can also hold a pre-placement talk (PPT) with the students to provide information that they are looking for. You may share them with the nature of the project profile, stipend, learning and growth opportunities, work environment and places of posting for their project assignment.

The summary of students’ profile is provided to help you shortlist candidates. We can also arrange to send hard copies of the resumes, if you require.

Please indicate your preferred dates for campus interviews by mail or fax. However, any requests for dates outside this period can be considered. Since efficient and quick decisions are the essence of campus placement, we request the organizations to make the offers within a day or two of the interview process.
